

Grades will be based on a point system.

Not every assignment will be graded.

All assignments are due at the beginning of the next day's class. Spelling will be assigned on Mondays and the workbook is due on Thursday. In case of a shortened week we move everything up one day!

Late paper policy: Each student will be given strikes or second chances.

1st quarter: 3 strikes

2nd quarter: 2 strikes

3rd quarter: 1 strike

4th quarter: 1 strike

When your strikes are used up, the paper will be considered late and a penalty will be assessed.

1 day late: 80% of points earned

2 days late: 70% of points earned

After two days late: 60% of points can be earned until the quarter has ended. I will not beg for late homework. I will tell the students once, it is then their responsibility.

Occasionally assignments may be accidentally left at home. If this happens the parent simply needs to sign the paper telling me the assignment was completed and I will not penalize the work. If my judgment feels this is a common occurrence, I will begin using strikes and following late paper procedures.

If a student is ill they will get two days for every day they were absent to make up their work.
